

## REGENTS PARK WARD

19 June 2023

### IMPORTANT LOCAL ISSUE

Dear Lidcombe Residents

**Advising of proposed development – Organic Waste Transfer Station, 109A Church Street, Lidcombe (DA 2023/0130) has been submitted to Cumberland City Council**

I have been successful in having the exhibition period extended until Friday, 14 July 2023. Community engagement is important. Submissions can be made via email to [council@cumberland.nsw.gov.au](mailto:council@cumberland.nsw.gov.au) Please note that a submission must include the author's name and a contact (email address or phone number).

If you feel that this proposal may have an impact on your area, please take the time to view the very detailed information in the DA Tracker at – <https://cumberland-eplanning.t1cloud.com/Pages/XC.Track/SearchApplication.aspx> then reference the application number - DA2023/0130.

Council has informed me that this DA will be determined by the Sydney Central City Planning Panel, as it is a significant development.

As you may be aware, the NSW Government has new guidelines which, sadly, does not allow local Councillors to be involved in any development decision.

**A community meeting has been arranged by residents. Details are on the reverse side of this letter. Hope you are available to attend.**

Please do not hesitate to contact me if you need information or assistance regarding any Council matters.

Helen Hughes

## **WE DON'T NEED A 'TIP' IN LIDCOMBE**
