

CUMBERLAND  
CITY COUNCIL

19 June 2024

**UPDATE ON PROPOSED ORGANIC WASTE TRANSFER FACILITY AT 109A CHURCH STREET, LIDCOMBE**

I am writing in regard to the proposed organic waste transfer facility at 109A Church Street, Lidcombe.

As you may be aware, Council previously received a designated development application for a proposed organic waste transfer facility at the site. This application was withdrawn by the applicant in February 2024.

Recently, Council has been made aware of a flyer being distributed by the applicant to residents within the vicinity of the proposal as part of a consultation process for a new Environmental Impact Statement. This consultation is a requirement in preparing an Environmental Impact Statement and is the start of a new development application process on the proposal.

It is important to note that Council has not received a new development application on the proposal at this time.

**A public information session will be held by Council officers on Monday, 1 July 2024 from 6:00pm at Lidcombe Community Centre, located at 3 Bridge Street, Lidcombe.** You are welcome to attend the session. Council officers will provide information on the planning process for the proposal, and there will be an opportunity to ask questions. Registration for the session is through the following link <https://bit.ly/4ckw0r2> or scan the QR code provided.

If you require any further information, please contact Council's Customer Service on 02 8757 9000.

Yours faithfully

Daniel Cavallo  
DIRECTOR ENVIRONMENT AND PLANNING
