Dear Cumberland Council,

It is to my attention that your Council has proposed to build a rubbish tip close to residential properties. There a multitude of reasons opposing this proposal, one of being that it is incredibly inconsiderate to us. Being less than a hundred metres away from schools, child care and aged care, would pose a serious health risk for those especially vulnerable in our population.

Moreover, liveability of Lidcombe would decrease exponentially. From a different standpoint, property values would be drop causing detriment for all. I would not like to live in a place like this.

With the hazards greatly outweighing the potential advantages is why we must not have this rubbish tip in Lidcombe. Please consider this for the wellbeing for our community. Do not install your rubbish tip here.
