Reason for objection: As someone who has lived in Lidcombe for 25+ years I am highly concerned about the new lidcombe rubbish tip developing. There are multiple negative impacts that this rubbish tip can have on our community and environment. The rubbish tip is going to cause so much traffic congestion especially during peak hours of going to work and coming back, school times etc. Also there is no initiative in not spreading the smell of the rubbish throughout the suburb which in turn can cause lower property values. Overall it also causes issues with the rubbish tip being really close to our residential homes, commercial buildings as well as recreational environment. Furthermore I really hope you consider our voices in stopping the rubbish tip being made in the middle of our homes.
