Reason for objection: as someone who has lived in Lidcombe my entire life I would like if the environment I lived in wasn't ruined and heavily impacted by a rubbish tip that is not needed. If this rubbish tip is made in Lidcombe it would heavily impact the residents living here as well as the environment. The rubbish tip could highly effect many factors such as high traffic congestion, an ongoing lingering bad smell, lower the potential prices of property values, a high increase in air pollution, constant loud unsettling noises throughout the suburb and it could negatively impact the enjoyment of our commercial and recreational environments. So on behalf of all the residents in Lidcombe please do not build a rubbish top on the skirts of our homes and places of tranquility.
