To Cumberland Council,

I would like to object to the proposal for the construction and operation of an organic waste transfer station at 109A Church Street LIDCOMBE NSW 2141, Lot 1 DP 778492.
File: DA2023/0130.

As resident of Lidcombe, we have “house” many government/private facilities/initiative to name a few, Mary Jade Correctional Centre, Rookwood Cemetery, Silverwater Correctional, SUEZ recycling, Cleanway Auburn Resource Recovery Centre etc.

We do not need another organic waster and transfer station in our vicinity. How do residents around Lidcombe expect to live in an area surrounded by all these facilities?

There are many apartments being built and already have busy traffic on Church Street.

We do not want to see waste transfer trucks going around and causing more traffic congestion.

Furthermore, there are issue with noise, dust, fumes, bad smell and even pest from the trucks and the organic matter from the waste transfer station.

In the ling run, it will impact to health and wellbeing of residents in the area.

Your faithfully
