Dear Sir/Madam

Re: DA2023/0130

Name: |

Address:

Mobile:

I have lived in Lidcombe for almost 40 years. I love the community and the area.

Most days, I take long walks around the suburb, including visiting the local church and parks.

Building a organic waste transfer station in the area, near residents' homes will be extremely detrimental to their health.

I am very concerned about the future impact of the organic waste transfer station on my family (who live in the surrounding homes within Lidcombe) and the local residents.

I ask Cumberland Council to please reject the proposal as I do not think it would be good for the long-term health of the local residents.

Regards
