I would like to formally bring forth the ramifications for such project that is within such close proximity to my Lidcombe residence. With less than 100 metres away, there would inevitably be an increase in traffic congestion, disrupting my routes to pick up my daughter from classes. Furthermore, the the air pollution and noise pollution are not healthy and safe for the kids that attendsl from from as young as childcare to primary education. With only one source of income coming from myself, it is difficult enough to live in a inflated economy with two daughters who are still dependent on me. With this project being carried forth, local residents would bear the cost of roadwork damage by the ongoing heavy vehicle usage in the area. I care for the health of my daughters and the families with kids that live within this residential area. My daughter suffers from anxiety and the noise of trucks would do harm to her.

Sincerely,
