I a resident of Lidcombe for 35 Years stand in absolute objection to this proposed DA DA2023/0130 on 109A Church Street Lidcombe NSW 2141 for an Organic Waste Transfer Station.

The vicinity of this proposal is so close to the local residences that it would impact physically, mentally and socio-economically to all that live and have invested their lives in Lidcombe. This proposal is shockingly immoral.

The NSW State Government has released and is about to release more land on the outskirts of Sydney so a sight can be easily found and not directly impact on any residential areas.

Thank You
