Subject: [EXTERNAL] OBJECTION to DA2023/0130

CAUTION: This email originated from outside of the organisation. Do not click links or open attachments unless you recognise the sender and know the content is safe.

Dear Cumberland Council,

I [REDACTED] and I am writing this email to express my opinion strongly against the project 'Demolition of existing building and construction and operation of an organic waste transfer station' that was summarised in DA2023/0130.

I have been living in Lidcombe for seven years and I have three children. I am quite concerned about pest issues and air pollution relating to this projection. I believe the waste transfer station will increase the number of pests around our area which will have a negative impact on hygiene. Also, the vehicle relating to the waste transfer would carry out further impacts such as longer queues, slower traffic and delay in emergency reaction.

Therefore, I hope the Cumberland Council to reappraise this project to ensure residents' safe and convenience. I expect to see prompt action towards this email.

Thank you for reading my email.
