Objective for purpose of waste station at lidcombe

Dear sir/madam, it's coming to my attention that there's a proposal for waste station to build at church street lidcombe, church street is center of lidcombe and very busy traffic, how you pick it up for a waste station just like building a waste yard beside opera house . It will cause chaos of traffic, and odor for residents, the person who proposed the project should be see mental health doctor, as such ridiculous proposal, the council is dared to put on public, shame on you cumbland council
