Subject: Objecting DA2023/0130

Dear Cumberland Council,

As a long-term resident of Lidcombe, I strongly object to the proposed development outlined in DA2023/0130. Its close proximity, just 70 meters away from our residential zone, deeply concerns me. I urgently request your reconsideration of the approval decision due to the following:

1. Health risks: The potential pollution and disturbances pose serious health risks, especially for vulnerable groups.
2. Traffic congestion: The proposed development, coupled with over 300 unoccupied units, will significantly worsen traffic once occupied.
3. Preserving tranquility and livability: Increased traffic will disrupt the serene living environment we cherish in Lidcombe.
4. Minimizing roadworks damage costs: Heavy vehicle usage related to the development may burden residents with repair and maintenance costs.

Please prioritize our community's well-being, safety, and livability. I implore you to reconsider granting approval for DA2023/0130. Your careful consideration of these concerns is greatly appreciated.

Thank you for your commitment to our community's best interests.
Gratefully,
