Subject: OBJECT to the development, DA2023/0130 , Site: 109A Church Street LIDCOMBE NSW 2141; Lot 1 DP 778492 .

To Cumberland Council,

I would like to object to the proposal for the construction and operation of an organic waste transfer station at 109A Church Street LIDCOMBE NSW 2141; Lot 1 DP 778492 .
File: DA2023/0130 .

Lidcombe is the host of the 2000 Olympic Games Suburb. It is an old town with a long history. Residents live and work in peace and contentment. They are very comfortable with such a peaceful and quiet environment. I suggest that the garbage recycling site should find another newly developed town, and it should be far away from the living area. , Do not affect the physical and mental health of the original residents in the living area due to noise, traffic congestion and air pollution! Relevant departments are requested to give careful consideration and at the same time give enough time for residents to express their opinions and suggestions!

Object to the following point:-

- . More traffic congestion.
- . Noise.
- . Dust fumes.
- . Bad smell.

Your sincerely,
