To: <Council@cumberland.nsw.gov.au>

Dear Cumberland Council,

I am writing to strongly and strongly object to the proposed development outlined in DA2023/0130 as a long-term resident of Lidcombe. The mere proximity of this development, a mere 70 meters away from our residential zone, fills me with deep concern and dismay regarding its potential impact on the health and well-being of our beloved community.

As a resident aged over 50, I am gravely concerned about the potential health risks associated with the proposed development. The mere thought of enduring the incessant noise pollution from this project deeply troubles me. It would undoubtedly disrupt our sleep patterns, compromising our physical and mental well-being. Our consensus among the elderly community is crystal clear: we place great importance on maintaining good health, and the proposed development poses an alarming threat to that pursuit.

Furthermore, the unsuitability of the proposed location becomes glaringly apparent when one considers its close proximity to places of worship, schools, and residential areas. Our places of worship are sacred sanctuaries that deserve tranquillity and respect. Our children deserve a safe and healthy environment to learn and grow. And we, as residents, deserve the peace and serenity of our homes. These fundamental aspects of our community should never be compromised.

In the face of these deeply rooted concerns, I would like you to prioritise the well-being, safety, and livability of our community. Please reconsider granting approval for DA2023/0130. As someone living 1km away from the proposed development, I cannot stress enough the weight of our collective apprehension about the potential detrimental impacts it would have on the quality of life for all residents, particularly the elderly, who hold our health and well-being dear to our hearts.

I would like you to hear our pressing plea and take decisive action in the best interests of our community. Let our voices be heard, for we stand united in our desire for a flourishing, harmonious, and healthy neighbourhood.

Thank you for considering me so much. May you truly understand our objections and act with unwavering resolve to protect our community's future.

Yours sincerely,
