Dear Council,

I am writing to Cumberland council to voice my concern of the recent DA2023/0130 proposal, and to object the Organic rubbish tip build so close to Lidcombe town center.

I am concern the **“smell”** and **“traffic”** if this proposal goes ahead with such irresponsible government planning.

Reasons for the current location are such a bad choice (Too close to Lidcombe town center):

- Within 100 meters, you have existing local residents who lived nearby on Bachell ave.
- Within 200 meters, you have new dwellings at 4-34 Church St, Dalley St & Eric Crescent.
- Within 300 meters, you have Rawson st, Martin st, Swete st, Union st, Brenda Ave, Mazepa Pl.
- Within 400 meters, you have Phillip Park which many local residents enjoy the morning walk or exercise during the day around the park and breathing the fresh air.
- Within 600 meters, you have the Lidcombe Railway Station six plat forms (27,740 passengers daily), the center of Lidcombe town center.

Odor smell from a Rubbish tip is something hard to control and contain the bad odor, it can leak through the tiniest gap and travel far. It is NOT a pleasant experience anyone has to deal with 24/7. It creates a lot of unpleasant, unwanted, anxiety and could cause mantle health issues because resident live in Lidcombe prior before this organic rubbish tip proposal build so close to our back yard.

I drive passed the existing rubbish tip near Sydney Olympic park during my work trip daily during the week. In many occasion, I have personal experienced the bad “odor” smell when I drive 700~800m near the rubbish tip entrance during the summer time; I literally need to shut my car window and the air vent. And this is only less than a minute driving pass and Sydney Olympic park is only a general rubbish tip.

Pls move the Organic rubbish tip further away our Lovable Lidcombe town center and consider our :

- Lidcombe Local residents 20,000,
- Lidcombe public school 820
- St Joachim's Catholic Primary School Lidcombe
- Canberra Nursing home
- Oz Education Childcare & Preschool
- Betty Elaine Kindergarten
- Many of the small Local business owners.

There must be a better location to move the proposed location further away from such close proximity to Lidcombe town center, which will help improve our air quality, health, mental health, less stress and better traffic condition and NOT TO DESTROY our lovely town – Lidcombe.

Kind regards,
