Dear Mr/Madam,

**Re: DA2023/0130**

I was notified that the above application has been submitted to the council for approval. I am the owner of one of the properties at \_\_\_\_\_ I am writing to express strong **OPPOSITION** to this application due to various reasons.

We have been owning the property for 20 years. Lidcombe has built large amounts of residential properties in the recent 10 years. The proposed development is located extremely close to the large amounts of the residential properties. It contains a high risk of health impacts on the residents. Air pollution, safety of drinking water, the impact of the living environment and increase of traffic congestions.... We don't want to see our homes become a terrible area surrounded with loads of loads of waste trucks and wastes. This special industry should be built further away from the residential area NOT just acrosses the railway line as shown below!!!

Please take it into serious consideration. We definitely **OPPOSE** to this application.  
Should you require any further info please feel free to contact me.

**Kind regards**
