To Cumberland Council,

We are local residents and we have been living in Lidcombe for more than 8 years.

Lidcombe is our home, we want to protect our community from pollution, we want a safe and clean suburb to live in.

We would like to object to the proposal for the construction and operation of an organic waste transfer station at 109A Church Street LIDCOMBE NSW 2141, Lot 1 DP 778492. File: DA2023/0130.

We object with the following reasons:

- Traffic congestion

This organic waste transfer station will cause traffic congestion in the area.

- Air, noise and soil pollution

This organic waste transfer station will cause air, noise and soil pollution.

- Dust and fumes

Dust and fumes caused by this organic waste transfer station and waste transfer vehicles will have an adverse impact on the health and wellbeing of the local residents.

- Bad smell

Bad smell from the organic matter of the waste transfer station will have an adverse impact on the local residents.

- Pests

This organic waste transfer station will cause pest infestation in the local community.

- Adverse impact on the tranquillity of our suburb

Lidcombe is an attractive suburb due to the beautiful and tranquil quality that residents have been enjoying, we do not want to break or damage it by this organic waste transfer station.

- Adverse impact on the health and safety of local residents

Health and safety of local residents will be negatively impacted by this organic waste transfer station.

- Adverse impact on property values

Property values will be negatively impacted by this organic waste transfer station.

- Adverse impact on residential, commercial and recreational environments

Residential, commercial and recreational environments will be negatively impacted by this organic waste transfer station. Local shops and restaurants will be forced out of business by this organic waste transfer station.

- Local residents will bear the cost of roadworks damaged by the ongoing heavy vehicle usage of the area.

Heavy waste transfer vehicles will deteriorate and damage roads quickly and local residents will bear the cost of the roadworks.

Yours faithfully
