Dear Cumberland Council

As a resident of Lidcombe , I would like to express my objection to your proposed Waste Transfer Station at 109A Church St Lidcombe NSW 2141. I am concerned about the negative impact that this facility will have on the health & safety of the people in the community & the environment.

A Waste Transfer Station, that will come with a continuous parade of garbage trucks, should not be built in a mostly residential area, close to schools, shops, a nursing home, churches, parks & local businesses.

The Cumberland Council should prioritise the health & safety of its residents (especially the children & the elderly) & its businesses. This proposal will be a detriment to the Lidcombe suburb & its surroundings.
