Hi,

I was unable to submit my feedback on the proposal for a waste transfer station in Lidcombe as I was overseas when the notification started on the 25th May and came back on the 6th of July. I wasn't aware of this proposal until yesterday.

I don't recall receiving any formal mail from the council in regards to this proposal. For such a big project I would think that a letter should be distributed to the residents to ensure that we are notified on this matter.

I am against this proposal as this will affect the local communities health and cause major disruption with the extra garbage trucks.

Thanks
