Dear Sir or Madam,

I'm writing to against the proposal for the waste transfer station, I really concern about the proposed rubbish tip (Organic Waste Transfer Station, 109A Church Street, Lidcombe) and its impacts .

It's very close to my home, my matters of concerns:

1. Since there would be 118 heavy truck movements daily, it might caused road congestion and road damaged, the Council would need to purse maintenance.
2. The hours of operation would increase the noises that would affect the quality of rest after my hard work.
3. My allergic rhinitis would be even worse because of the odour from the rubbish tip and during the truck carry the rubbish to the rubbish tip.

So please stop the the proposal !

Kind regards,
