Hi there,
This is my investment property is . phone:

if council approve to build the waste station, I will sell the property ASAP after the station approved...even with a cheap price...it will definitely affect the value of whole lidcombe properties. with a invest of 5 million station. the council will loss more than 500 million of the whole lidcombe house and apartment market. No one will like to live near the waste station... lidcombe will become no value at all...

plus that location already very busy road... nowadays if we go that way... traffic jam all the time... if the waste station approved... then coucil need build a wide road to allow the more traffic to come in and out...

I am object to the development... sorry...

regards,
