Dear Sirs/Madam

As a long time resident of Lidcombe the approval of the DP will lead to ever more traffic congestion in our streets. It is already hard to move around the suburb during peak times without the additional trucks coming and going to the proposed site. This will add additional stress to local residents going about their daily activities.

The DP will add unnecessary air and noise pollution and impact the tranquility of our suburb.

Local property values will be negatively impacted as such a site will be undesirable to future home buyers.

I personally suffer from an autoimmune disease and such a development would directly impact my health. The unknown health impact on our young children should not be sacrificed for short term profits.

Thank you for your consideration
