Dear whom may it concern.

My name is resident of Lidcombe

I fully oppose for the plan of the Lidcombe Organic Waste Transfer Site (DA2023/0130).

This is because Lidcombe has many population living in the area. I believe it is one of the largest suburb of the Cumberland Council. It will delay suburb's development in general. It is inappropriate to develop such facility at the busy area. Many people will be avoiding to come to Lidcombe. Please install it where there is not much population.

Please reconsider relocating the facility to somewhere else.

My details are as below
