Dear Cumberland Council,

This is my email to object to the building of the proposed rubbish tip.

I am deeply concerned about the negative effects that having a nearby rubbish tip will have on our community here in Lidcombe, as well as the well-being of my family who has been happily residing in this area long before this issue arose. Lidcombe is already a bustling town with a diverse population, including both young and elderly residents. The proposal to construct a rubbish tip in such close proximity will inevitably lead to pollution, thereby deteriorating our health. Additionally, it will introduce disturbing noise and unpleasant odors that will disrupt the peaceful lives we have cherished until now. We, the residents, will be the ones burdened with the consequences of this decision, enduring the noxious smells, excessive noise, and increased traffic congestion it will bring. This is not the future we envision for our home in Lidcombe. A rubbish tip has no place in our community, and I implore you to carefully consider the detrimental impact it will have on all of us who call this place our home.
