Hi,

My name is _____, residing at _____ .. My contact number is _____

I am writing to express my objections to the proposed organic waste transfer station at 109A Church Street, Lidcombe.

This objection is due to the reduced quality of life for a significant proportion of residents within the local area. Other reasons include, but are not limited to:

1. Increased traffic congestion, compounded by the newly developed apartments on Church Street
2. Increased air, noise and soil pollution
3. Increased dust, fumes and air quality
4. Negative impact to the tranquillity of our suburb
5. Negative impact to the health and safety of local residents
6. Negative impact to property values
7. Negative impact to residential, commercial and recreational environments
8. Increased costs to local residents for additional roadwork resulting from increased heavy vehicle usage within the area

I hope you will seriously consider the objections from us as local residents and reject this proposal.

Kind regards,
