Hi,

I've lived in Lidcombe for more than 5 years and am currently living at [REDACTED] with my wife. I just wanted to raise my concerns regarding the above rubbish tip proposal.

I have 2 major concerns towards this operation as per below:

1) air and noise pollution

The rubbish and the rubbish trucks will pollute the air of my suburb and also bring/attract pests which may affect my family's living in Lidcombe as we plan to have kids and raise them in Lidcombe. We'd like to raise them in hygienic and safe environment.

2) traffic and road issues

The roads in Lidcombe are already struggling to handle the current traffic and if rubbish trucks come then it will get more congestion and be more dangerous for kids. The big and heavy rubbish trucks will create more pot holes, damages to roundabouts and make the roads more difficult to drive for other drivers.

Please take above into consideration and make the best choice possible for our community.

Regards
