Hi,

My name is and I reside at My contact number is

As with many others in the suburb, I heavily object to the proposed organic waste transfer station to be built at 109A Church Street, Lidcombe.

The reasons include, but are not limited to, the following:

1. Traffic congestion in addition to the extra traffic from the new apartments on Church Street
2. Air, noise and soil pollution
3. Dust, fumes and bad smells
4. Negatively impacting the tranquillity of our suburb
5. Negatively impacting the health and safety of local residents
6. Negatively impacting property values
7. Negatively affecting the residential, commercial and recreational environments
8. Local residents will bear the cost of roadworks damaged by the ongoing heavy vehicle usage of the area

I hope you will seriously consider the objections from us local residents and reject this proposal.

Kind regards,
