To Cumberland Council,

I want to object to the proposal for the construction and operation of an organic waste transfer station at 109A Church Street LIDCOMBE NSW 2141; Lot 1 DP 778492 . File: DA2023/0130 .

We had a nice and quiet neighbourhood around this area. Apartments are being built and already have heavy traffic on Church Street. We don't want to see that there will be waste transfer trucks going around and causing more traffic congestion once the transfer station is built. Also, the noise and dust fumes and foul smell from the trucks and the Plants from the transfer station will affect our health.

The traffic in Lidcombe is already hectic. I cannot imagine if the trucks keep coming in and out of the road, can our roads suffer heavy truck bypass every day.

Object to the following point:-

- . More traffic congestion.
- . Noise.
- . Dust fumes.
- . Bad smell.

Your sincerely,
