Dear Cumberland Council,

I am writing to express my strong objection to the proposed development application (DA2023/0130) for the organic waste transfer plant in 109A Church St, Lidcombe.

I am working in [redacted] and drive through Birnie Ave. Bachell Ave towards church street every day. It always a long queue/traffic jam when I go to work and after work.

If there is a waste transfer plant, I think walk maybe quick than driving. It's a big impact to our work environment.

I urge the Cumberland Council to consider the adverse impacts on work force around this area when deciding on DA2023/0130. Please take my objections into account during the decision-making process.

Thank you for your attention to this matter.

Yours sincerely,
