Hi there,

I OBJECT to the plans to have a rubbish tip at Lidcombe per this email subject. My reasons for objection are:

- Traffic congestion is bad enough with the existing houses, townhouses, and apartments. It will get much worse once the new apartment buildings are completed along Church Street. Thus, it will get extremely worse if a rubbish tip is built in the same suburb.
- Increased traffic congestion means air and noise pollution which damages the peacefulness of Lidcombe.
- Increased traffic congestion also means it's unsafe for residents to walk around Lidcombe station. How can children SAFELY walk to school with all the big rubbish trucks around?!
- Lidcombe residents will be charged for roadworks in the form of INCREASED council rates to fix damaged roads caused by the UNWANTED heavy rubbish trucks.
- This all leads to devaluing property values, and we homeowners are left financially worse off for something WE DON'T WANT!!!
