**Re: DA2023/0130- Development of an Organic Waste Transfer station at 109A Church St, Lidcombe NSW2141**

As a resident of the Lidcombe community, I can't entirely agree with the above proposal from your department.  
It will be impacted our community of daily living:

- \* We all need a clean and healthy environment
- \* it will increase noise, traffic jams and air pollution
- \* instead of this project proposal, you should be considering replacing it to build more parks for the community, more affordable housing, and upgrading our hospitals and schools, we don't have high school around Lidcombe -sad!

I hope you will consider our concerns

Thank you
