Dear council representative,

**The area proposed for building of a rubbish tip is in close proximity to dense residential developments, shops and childcare center/schools, on an increasingly congested road. By allowing this proposal to go ahead, you are preventing lidcombe to grow as an urban center, and contradicts all the investments in housing (ie lidcombe rise) and infrastructure around this area.**

**I sincerely hope you reconsider this proposal- as a resident of this area, I believe it is highly detrimental to lidcombe's liveability and potential for future growth in the future.**

Best regards,
