Dear Cumberland Council

My name is
I live in [REDACTED] for 25 years.

I am writing to express my strong objection to the proposed development application (DA2023/0130) for an organic waste transfer plant at 109A Church St, Lidcombe.

My child has severe asthma, and I have a very serious skin disease every spring. I am really worried that this dump will have a big impact on our health after it is built, and there are many schools around. this project is not conducive to children health.
As a long-time local resident here, I strongly object this stupid plan. I hope you our Cumberland Counciler can take care of the health of the local residents.

Best Regards

your sincerely
