To whom this may concern,

I am the owner of _____ and am writing to register my strong objection to the proposed construction of a rubbish tip in Lidcombe. As a resident, I believe this development WILL severely impact the environment and traffic in our neighborhood.

The proposed location is highly inappropriate and establishing a rubbish tip here will have environmental disruption to the residents. The environmental impact, including air and noise pollution, as well as unpleasant odors, would harm our suburb's tranquility and livability. Moreover, the health and safety risks to nearby schools and childcare centers are too significant to ignore.

Furthermore, the construction and operation of a rubbish tip would strain our already fragile road infrastructure, leading to road damage and congestion. Instead, our focus should be on improving roads and preserving green spaces for the well-being of our community.

I urge the council to reconsider the decision and explore alternative locations that are more suitable. Please prioritise the needs and concerns of Lidcombe residents. We deserve a healthy and sustainable environment that promotes the well-being of all, especially children.

Thank you for your attention to this matter.
My family trust that you will carefully evaluate the negative impacts of a rubbish tip in Lidcombe.
I look forward to your response and the opportunity to engage in constructive dialogue.

Sincerely,
