To Whom It May Concern,

As per subject title, I am writing to express objection to the proposed building of a rubbish tip Organic Waste Transfer Station on 109A Church Street Lidcombe DA2023/0130 which is less 100 metres away from local residential properties and close to schools, child care, aged care, parks and businesses.

Reasons for objection:

1. Traffic congestion
2. Air, noise and soil pollution
3. Dust fumes and bad smell
4. Negatively impact the tranquility of Lidcombe
5. Negative impacts on health, safety and well being of local residents
6. Negative impact on property values
7. Negative impact on residential, commercial and recreational environment
8. Financial burden on local residents who will have to bear the cost of repairing damaged roads from ongoing heavy vehicle usage

Regards,
