Hello,

I am writing to express my OBJECTION to the proposal to build a rubbish centre in Lidcombe. This will cause many problems to not only the residents in Lidcombe but for others as well. I drive to work everyday and with all the new apartments that are currently being built, traffic congestion will become even more ridiculous than it already is.

I witnessed a MAN BEING HIT BY A CAR last month in Lidcombe while driving home. The proposal will increase the car crash rate and I do not want to witness another crash. The council needs to consider the safety of residents and visitors to make Lidcombe a better place. I can't think of any good reasons why the council will accept this proposal. It only has negative impacts - the smell, increased air pollution, dust fumes, impact it has to the safety of residents and property values etc, the list goes on.

We CANNOT accept this proposal and need to think of ways to improve our council rather than devaluing it. We want to live in a SAFE, PROTECTED and CLEAN area.

Kind regards,
