Dear Cumberland Councillors,

I am a long-time resident of Lidcombe and I am appalled by the proposal for the construction and operation of a waste facility in my suburb.

Lidcombe has long been under-represented within our LGA, the needs of the local community neglected and opinions of residents ignored.

We have had to contend with overdevelopment and all the negative impacts it has brought to our environment and infrastructure. Now a rubbish tip within metres of established homes. Within the vicinity of schools, child care centres, a nursing home, recreation area and restaurants.

Are we paying some of the highest rates in Sydney for the privilege of a rubbish tip in our suburb?

Rubbish tips belong on the outskirts of suburbs and residential areas not within them.

This proposal is an insult to the people of Lidcombe.

I trust Cumberland Council will do everything in its power to stop this development application.

Yours sincerely,
