I am one of resident who live at Lidcombe area with three children.

Actually, I am not happy to have this Organic Waste Transfer Station at Lidcombe area as our children health issue and safety issue after having it.

Lidcombe area have two big school around Organic Waste Transfer Station. Almost of children are walking to Lidcombe station for taking a train to their school.

And also, a lot of Family Day care or child care centre around that area so, I hope that Organic Waste Transfer Station not will build up at Lidcombe area for our health and safety issue and make better life without that, maintain our well-being and our children will grow in good environment.

Please concerning this issue for our community.
