To whom it may concern,

I am writing to express my concerns regarding the proposed organic waste facility in Lidcombe (APPLICATION NO:DA2023/1030).

As both a business owner and resident in Lidcombe, I am acutely aware of the traffic issues already facing the local area and the proposed waste facility will only worsen the situation. The proposed number of trucks and operating hours will create even more traffic which the local roads can't handle.

Not to mention, there's the obvious severe negative impact on the residents living nearby that will be exposed to fumes and chemicals.

I sincerely believe that this proposed organic waste facility should not be allowed to proceed.

Regards,
