Dear Cumberland Council,

This is \_\_\_\_\_, I'm \_\_\_\_\_. I lived with my parents and we lived many years in \_\_\_\_\_. I would like to object to the proposal for the construction and operation of an organic waste transfer station at 109A Church Street LIDCOMBE NSW 2141; Lot 1 DP 778492 . File: DA2023/0130 .

I lived with my parents I heard that it will have many wastes trucks going around this area, I worry about my safety ,we lived many years at Lidcombe. We had a safe environment around this area. I heard it will have many wastes trucks going around in lidcombe, I worry about our traffic, I need go to train station by bike almost daily. There are apartments being built and already have busy traffic on Church Street, we don't want to see once the transfer station has been built there will be waste transfer trucks going around and causing more traffic congestions. Also, object to the noise and dust fumes and bad smell from the trucks and the Plants from the transfer station. It will more noise and bad smell, the air will not clean, we are afraid that our environment won't be safe. I will sick and cough . Can you think about us? Thank you.

Your sincerely,
