Re : DA2023/0130

Dear Sir/Madam,

My name is _____ at _____, mobile number _____

I have been living in this area for more than 30 years.

I go out for an exercise walk daily and really enjoy the fresh air and friendly community in Lidcombe.

I am very concerned about the impact of the organic transfer station in Lidcombe that will affect the fresh air and cause a nasty smell for local residents. Besides that the organic waste can cause chemistry experiment, produce insects as well. It would be harmful to the health and well being for the residents.

I strongly ask the Cumberland council to reject this proposal.

Regards,
