Cumberland Council,

I am writing to you to express my objection to the proposed DA listed within the title of my email.

The proposed organic waste transfer facility at Church Street, Lidcombe is not in the best interest of the local constituents and the people of Cumberland Council who you are all meant to represent do you want it either.

This facility has negative impacts on the members of Cumberland council and in its current form must be voted against and stopped immediately.

Act in the interests of the people who voted you in and reject the proposal.
