To whom it may concern,

Dear Madamas/ Sirs,

My name is I have been the owners of the house situated at since 2022. My contact number is

We are writing this email regarding the above-mentioned subject because of the following:

- This area consists of hundreds of householders who previously resided and householders who will be residing in the new apartment building which is about 100-150 meters away; besides other schools, childcare houses, religious houses, recreational clubs, public parks, etc... previously built.

- The building of this rubbish tip with the high traffic of large garbage trucks will be in and out from Monday to Friday, from 8 am to 10 pm, and from 8 am to 6 pm on Saturday, which will certainly create unbearable conditions and badly impact on environments on its vicinity by the Traffic congestion; air, noise and soil pollution; dust fumes and stinky smell, etc...which will downgrade health of residents in this area, negatively affect the property values (we paid approx. 3 mln A\$ for it) and the social benefits, and for sure, the residents in this area are not happy to bear the relating costs of upkeeping the roads conditions to the standards.

In the nuts shell, this proposed project shall turn this area into a disaster which we strongly oppose it!

We hope the Cumberland Council will seriously consider our petition and find a better alternative to upkeep our residents happy!

Lidcome shall remain our Sweet Home, thus we want a Safe and Clean Suburb to live in! 🏡

Let's help protect our community from mess and pollution!

Thank you and regards,

Residents
