Reason for Objection: I live in close proximity to this address. My kids and husband already have severe hay fever and allergies. This dump site will add to the air pollution and affect the air quality.

I object to the increased truck traffic in the streets leading to the dump site which create congestion in our residential streets.

The over developed areas lidcombe station with numerous high rise buildings/high density housing under construction will already place a lot of traffic pressure in the vicinity, adding trucks will just make this even more worse
