To: Cumberland Council,

Dear Sir/Madam:

I **STRONGLY OPPOSE** the proposed Organic Waste Transfer Station on 109A Street Lidcombe (DA2023/0130).

The reasons for my objection to the proposal is itemised below:

1. The area is a high density residential area even without the newly constructed apartments in the area.
2. It is in the vicinity of public schools which will endanger the health of the students.
3. The stink that will emanate from the tip will be a nuisance and pose a health risk to all residents in the surrounding area.
4. The presence of dump trucks will exacerbate the now heavy traffic in the area.
5. With the stink and the health risks to residents, it is expected that property values will be adversely affected.

It is therefore suggested that this proposal be **CANCELLED** forthwith.

Very truly yours,
