Dear Cumberland Council

My name is [REDACTED] I am writing this letter to express my strong objection to the proposed development application DA2023/0130 for organic waste transfer plant at 109A Church street, Lidcombe. As our family who lives around there, I am really concerned about this development potential impacts on lifestyle and community.

1. It will be Traffic congestion problem
2. It will be Air, noise and soil pollution (cross road is a big residential building and houses)
3. It will be impact health, safety of local residents
4. It will be damage road by on going heavy truck usage of the area
5. It will be affect residential, schools and commercial environment

Based on these negative impacts listed above, I strongly urge the Cumberland Council to reject the approval of DA2023/0130.

Thank you for your attention to this matter and considering the concerns of those who love our local area.

Your sincerely
