Hi Cumberland Council,

My name is

. My contact number is

I am writing to object the proposed rubbish tip (Organic Waste Transfer Station, 109A Church Street, Lidcombe) because it does not have a home in Lidcombe.

Lidcombe is the heart of diverse restaurants, primary schools, facilities and amenities which are all walking distance for many of the locals here. A rubbish tip would detrimentally impact the health of our residents and deter our already environmentally friendly lifestyle.

I strongly do not want the rubbish tip to be built here as although Lidcombe has only been my home for a short while, I already love it for its convenience and the way that it is - from its family-friendly atmosphere, to the locals, to the easy access of supermarkets, health facilities, parks and so on.

From the many conversations I've had with locals on the elevator of our apartment block, they have all expressed their dismay to this proposed rubbish tip and we collectively like to object against it.

Please reconsider this proposal and the hearts and feelings of the Lidcombe residents who do not want this to go ahead.

Thank you for your consideration in this matter.

Sincerely,
