To whom it may concern,

I am writing to lodge my concern about the proposed rubbish tip in Lidcombe. I live close to the area and I believe this would have a significant negative impact on the residents of Lidcombe.

Below are some of my concerns:

- this would create traffic issues around the area due to daily truck movements and the roads will be damaged by the heavy vehicles
- the odour from the waste will impact both commercial and residential areas near the site
- the location is very close to residential areas which makes the location unsuitable for waste transfer processing as it may impact the health and well-being of the residents

Due to the reasons above, I am strongly against the proposed waste transfer station at 109A Church St.

Thank you for your consideration.

Sincerely,
