Dear Cumberland Council,

I am writing this email to submit my objection of the proposal to build a rubbish tip on 109A Church Street, Lidcombe.

I live in the Merrylands area which is approximately 10-15minutes drive away from Lidcombe.

I frequent the area due to restaurants, grocery shopping and leisure.

It is currently a highly populated area with high levels of traffic congestion. The addition of a rubbish tip with 59 large garbage trucks frequenting a high density area will significantly cause further disruptions to travel times due to the increased levels of traffic congestion.

The suburb is currently a lovely area to frequent, however, it may no longer be the case once the rubbish tip is built due to pollution, noise, bad smell and so forth.

Please consider the quality of life for the residents and visitors to the area.

Kind regards,
