Dear Cumberland Council,

I am really concerned about the proposed rubbish tip and its impact on our residential area. I strongly oppose the proposal.

Reason for objection: There has been a lot of construction throughout the year around the same location. It not only has impacted on traffic movement but also on pedestrians. I have a child and have to take him to his childcare. I often use pram and footpath. But i never get a free footpath. The footpaths are often obstructed in front of construction sites. Apart from this noise and air pollution i have to suffer with. I was hoping to find peace after one construction that is about to finish in from of the proposed rubbish location. At the meantime i knew about this rubbish proposal. I would like to strongly oppose the proposal and request to help us live in peace and comfort in our area.
